LINK'S BUSINESS COLLEGE

THE SCHOOL THAT GETS RESULTS

Fall Term Begins Tuesday, September 5th

Many students have already enrolled. Others are enrolling every day.

Call, write or telephone and let us explain to you the many splendid opportunities a course in Link's Business College will bring to you.

POSITIONS GUARANTEED TO GRADUATES

The demand for young men bookkeepers and stenographers cannot be supplied. Because of the improved business conditions and the scarcity of young men, we are unable to supply the demand for competent young women. Recently a young lady accepted a position at an initial salary of \$60 a month, another at \$70, and within the last week we have had a dozen calls we could not fill.

The demand upon us is increasing and we must have at least four hundred young men and women begin their course with us September 5th in order to supply the demand.
